## Rep. Charlie Melancon endorses Nick Albares for U.S. Senate

*Albares Campaign continues to build momentum in Democratic Primary*

**New Orleans, LA** - Former Congressman Charlie Melancon endorses **Nick Albares'** campaign for the U.S. Senate in the Democratic primary.

"I'm proud to endorse Nick Albares for the U.S. Senate. He has proven he's willing to stand-up for Louisiana families when he worked with Governor Edwards to protect Medicaid expansion ensuring millions of Louisianans have access to affordable healthcare. We can trust him to hold Washington accountable to stop the corruption, help our communities recover from natural disasters, and invest in every parish," said Hon. Melancon.

"I'm honored to have the support of Rep. Melancon in my campaign to bring dignity, solutions, and results to the U.S. Senate. I've spent my career fighting for Louisiana families, and I'm ready to bring that fight to Washington to ensure Louisianans have a Senator who is focused on building community and ready to deliver policy results."
